HOUSING

Hyland House provides two types of supported housing. Transitional housing and supported housing.

Transitional Housing

-Individuals stay in a self contained bachelor suite. Individuals are required to pay rent. The rent is determined on income. Individuals in transitional housing usually stay until they can successfully keep up their independence.

Supported Housing

-For individuals who have stayed at Hyland House, this program attempts to help individuals with housing support. Also helps individuals who have rent supplements available to them through the mobile outreach program.

RULES
